Guideline for Energy Auditing of Thermal Power Station (Draft)

In accordance with the Energy Conservation Act, 2001, the Thermal Power Generating Stations have been notified as one of the Designated Consumers by the Government and accordingly it has become mandatory to carry out energy audit studies at their Thermal Power Station on a regular basis. In this regard Central Electricity Authority has developed Guidelines for Energy Auditing of Thermal Power Plants in association with GTZ, Germany under IGEN programme. It is requested that comments, if any on the Guidelines may please be forwarded to Chief Engineer, (C&E) Division, CEA, Sewa Bhawan, R. K. Puram, New Delhi, by email. at cecndecea@gmail.com by **06.03.09**.
