No. CEA/PSETD/205/218-296

19th May, 2016

To,

As per attached list

Subject: Domestic Competitive Bidding for Domestically funded projects of MOP, CPSUs, PFC or REC and transparent two-part bidding.

Sir,

A meeting, chaired by Member (Power System), CEA, was held in CEA on 21.09.2015 with the representatives of IEEMA, PFC, and REC as a follow up action to the decisions taken during a meeting in Department of Heavy Industries (DHI), Govt. of India. The following decisions emerged during meeting:

1. Domestic manufacturers have invested heavily in technology transfer from their principals or have developed technology indigenously, for creating / expanding manufacturing capacities, manpower and skill development to meet the growing demand. Underutilization of existing manufacturing facility has become a matter of concern because of large scale penetration of foreign equipment / material in power sector. Therefore, in domestically funded projects of Ministry of Power or Central Public Sector Undertakings (CPSUs) or projects funded by PFC and REC or by state power Utilities, the procurement of equipment/material should be made from domestic / local manufacturers through Local Competitive Bidding only. If at all, the International Competitive Bidding (ICB) procedure for tendering is to be resorted to, the quoted price shall invariably be in Indian Rupees (INR) only to create a level playing field.
2. In the absence of domestic manufacturing facility/capability in respect of specific equipment/material, foreign manufactures / suppliers may be allowed to participate in tendering process, provided a Consortium/ Joint Venture (JV) is formed with an Indian Bidder. Foreign manufacturers, in such cases, shall have to establish the manufacturing facility in India within a specific time frame and shall ensure transfer of technology governed by a Phased Manufacturing Program. This will pave the way for capacity building in domestic manufacturing sector.
3. Foreign manufacturers/foreign suppliers should submit performance certificate from an end user located in a country other than the country where the product has been

manufactured in support of satisfactory operation of the product offered for more than two years.

4. PFC and REC should ensure that utilities follow a transparent two-part bidding/e-tendering in procurement process for Central Government funded schemes such as RGGVY/DDUGJY/R-APDRP/IPDS for which they are the Nodal Agencies and also for projects funded by PFC/REC.

Ministry of Power, GoI, and DHI have already been apprised of above decisions. Utilities are advised to kindly follow above guidelines in National interest.

Yours Faithfully,

(S.K.Ray Mohapatra)
Chief Engineer(PSE&TD)
