No.1/9/SP&PA-08/ 1070-1085

Dated: 20.11.08

- As per list enclosed-

Sub:- Transmission system associated with Parbati and Koldam HEP

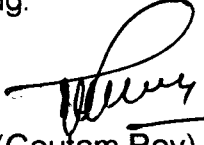

Sir,

Please kindly recollect the discussion in the 26th meeting of the Standing Committee held on 13.10.08, wherein it was decided that M/s. PKTCL, the licensee for construction of Parbati II - Koldam and Koldam - Ludhiana line would commission one of the two S/C lines of Parbati III - Panarsa - Koldam section of Parbati II to Koldam 2xS/C line matching with Parbati III HEP and the balance portion of the line between Parbati II and Parbati III and the second line between Parbati II and Koldam (via Panarsa) would be commissioned matching with Parbati II HEP.

In this context M/s. PKTCL has intimated vide their letter No. PKTCL/PK-14/CEA/01 dated 17.11.08 that they might not be in a position to complete the construction of one circuit of Parbati III - Panarsa - Koldam section of Parbati II - Koldam line matching with Parbati III. As such, with Panarsa - Amritsar line (about 258 kms.), which is under construction by PGCIL as a part of Parbati III evacuation system, there could be problem in charging Parbati III with one machine on bar. Considering this, it is felt necessary that at least one S/C of Parbati III - Panarsa - Koldam which is about 60 kms be made available by M/s. PKTCL matching with Parbati III time frame.

To resolve the issue further, Member (PS), CEA would convene a meeting on 26/11/08 at 1030 Hrs. at NRPC, New Delhi.

You are requested to make it convenient to attend the meeting.

(Goutam Roy)
Director (SP&PA)
