

# INDEX

## CONTENTS

### Foreword

### Acknowledgment

### Objective of Review

### Power Generation Overview

### Results of Analysis

		<b>Page No.</b>
<b>SECTION 1</b>	<b><u>Scope of the Review</u></b>	1
Annexure 1.1	Details of different makes of units Considered in the review during 1998-99	4
Annexure 1.2.	Details of different makes of units not Considered for performance evaluation in the review for the year 1998-99	11
<b>SECTION 2</b>	<b><u>Overall performance &amp; plant Load Factor</u></b>	12
	Unit Wise Thermal Performance Factors during 1998-99.	16
<b>SECTION 3</b>	<b><u>Operating Availability</u></b>	27
<b>SECTION 4</b>	<b><u>Planned Maintenance</u></b>	31
Annexure 4.1	Details of Planned Maintenance during 1998-99	36
<b>SECTION 5</b>	<b><u>Unscheduled Outages</u></b>	43
Annexure 5.1	Region wise break-up of outages and loss	51
Annexure 5.2	Duration Pattern of forced outages during 1998-99.	52
Annexure 5.3	Long duration forced outages during 1998-99	58
<b>SECTION 6</b>	<b><u>Capacity group wise performance</u></b>	63
Annexure 6.1	Capacity group wise-make wise disposition of thermal units.	79
<b>SECTION 7</b>	<b><u>Partial Unavailability and non-utilization of energy Due to system load variation.</u></b>	80
Annexure 7.1	Region wise All India partial loss of generation during 1998-99 due to equipment and auxiliaries.	85
Annexure 7.2	Partial loss of generation during 1998-99 of major capacity groups of thermal units.	88
Annexure 7.3	Cause wise partial unavailability during 1998-99 of major capacity groups of thermal units.	92

<b>SECTION 8</b>	<b><u>Effect of forced outages on generation reliability.</u></b>	96
Annexure 8.1	Mean time between failure of Thermal units during 1998-99.	99
<b>SECTION 9</b>	<b><u>Coal supply to various power stations</u></b>	105
Annexure 9.1	Specific Coal Consumption of Thermal Power Station for the years, 1998-99.	109
Annexure 9.2	Station wise and mode wise break-up of Linkage & receipt coal during 1998-99.	110
Annexure 9.3	Station wise specific secondary fuel oil consumption for the 1994-95 to 1998-99.	111
Annexure 9.4	Station wise and mode wise break-up of Linkage & Receipt of coal during 1998-99.	115
<b>SECTION 10</b>	<b><u>Gas Turbines</u></b>	118
<b>SECTION 11</b>	<b><u>Auxiliary Power consumption in Thermal Power Stations.</u></b>	124
Annexure 11.1	Station wise Auxiliary Power consumption in Thermal Power Station during the period 1994-95 to 1998-99.	127
<b>SECTION 12</b>	<b><u>Station operation under disturbed grid/frequency conditions</u></b>	130
Annexure 12.1	Major Grid disturbance during 1998-99.	131
Annexure 12.2-12.3	Regionwise frequency profile for 1997-98 & 1998-99	133
Annexure 12.4-12.5	Regionwise frequency profile for 1997-98 & 1998-99.	134
<b>SECTION 13</b>	<b><u>Energy Conservation and Energy Audit (Part – A)</u></b>	136
Annexure I	Major Factors responsible for excessive fuel cost	138
Annexure II	Turbine heat rate & Boiler efficiency	142
	<b><u>Environmental aspects in Power Sector (Part – B)</u></b>	143
Annexure I	Emission standard	148
Annexure II	Stack Height	148
Annexure III	National Ambient air quality standard	149
Annexure IV	Standard for Liquid Effluents	150
Annexure V	Fly Ash Utilisation	151
Annexure VI	Fly Ash Notification	152
<b>SECTION 14</b>	<b><u>Renovation and Modernisation of Thermal Power Plants</u></b>	154
Annexure I	Details of Estimated Cost of R&M progr. PH-II	156
